

MANUAL FOR LIGHTBOX

1203-MV-0738

LIGHTBOX

Inspection window

ON/OFF button

INSERT TEST:

Insert test as far as it will go.

SWITCH ON THE LIGHT AND READ RESULTS:

Push the green ON/OFF button and read the results through the inspection window.

If you release the green ON/OFF button, the light automatically switches off.

To avoid any scratches, stains or dust on the inspection window, we recommend putting back the LIGHTBOX after use into its protective cover.
